

REMARKS

Claims 5, 6, 9-11, 13, and 14 were pending as of the issuance of the instant Office Action. Claims 13 and 14, which are drawn to non-elected subject matter, have been canceled without prejudice as to further prosecution of the subject matter in future related applications. Claims 5, 6, and 9-11 were rejected under 35 U.S.C. 103(a). Applicants respectfully traverse the rejections set forth in the instant Office Action. However, the Examiner indicated in the instant Office Action that reciting "wherein the composition produces a synergistic or super-additive effect" in claim 5 would overcome the instant rejection. Thus, Applicants have amended claim 5 accordingly to place the Application in condition for allowance. Applicants respectfully contend that all conditions of patentability are met in the pending claims as amended. Allowance of the claims is thereby respectfully solicited.

If there are any questions or comments regarding this Response or Application, the Examiner is encouraged to contact the undersigned attorney as indicated below.
